

The 2017 ACM-ICPC Caribbean Finals

Invitation Letter for teams

Dear **Javier Alejandro Oramas López**,

(**Instituto Preuniversitario Vocacional de Ciencias Exactas "Ernesto Guevara"**)

We hereby invite you to participate in the **2017 ACM-ICPC Caribbean Finals**¹: a regional computer programming contest that will take place simultaneously at the **Universidad Central "Marta Abreu" de Las Villas (UCLV)**², the **Universidad Metropolitana – Puerto Rico (UMET-PR)**³ and the **Pontificia Universidad Católica Madre y Maestra (PUCMM)**⁴. You are expected to participate at the **Cuban Site**, and must be present **from November 8th to November 12th**. Customized information about the costs (registration fee, accommodation, etc.) will be sent to you in a separate note. Transportation to/from the site will depend of you or your institution.

The Caribbean Finals took place for the first time in 2009 and among its main goals are:

- To encourage the development and recognition of programming, math, problem solving, and teamwork skills.
- To provide a space in which students and professors may exchange experiences and knowledge.
- To provide a platform to encourage and direct the public attention towards the next generation of professionals.
- To qualify Caribbean teams for the ACM-ICPC World Finals.

In the current edition of the Caribbean Finals, **more than 60 teams from at least 5 countries are expected to compete**⁵, all pursuing the dream and privilege to qualify for the **2018 ACM-ICPC World Finals** in Beijing, China⁶.

Your participation in the event as **Contestant (Team3C-1)** will be instrumental to the development and strengthening of the ACM-ICPC in the Caribbean.

It will be a great pleasure to see you in the 2017 Caribbean Finals!

Best regards,

Dovier Antonio Ripoll Méndez

General Director, 2017 Caribbean Finals
